3. Noro Quarantine site
4. Juniper Sch
5. Banana valley abluion block
6. Burns creek literacy
7. Street cleaning

Capitol Construction to restore and maintain Vavaya/ Papaho roads.

Standing: Samuel Belamide Project Manager (MID), Permanent Secretary MID Stephen Masiola, Managing Director of Capitol Construction Mr. David and his staff.

A contract has been signed recently with Capitol Construction for the restoration and maintenance of unsealed feeder road at lower Choviri, Mbokonavera 4 heights and upper Papaho. The road connects most communities in central Honiara and parts of Guadalcanal Province especially communities at Papao, Taba'a and even Mataniko.

Construction work will begin next week. The restoration and maintenance of the roads will definitely improve basic services and access for people in these areas.

Honiara ISDT Training

Honiara PMU is currently having its 35 batch ISDT training for communities of King George, Green Valley, Burns creek and fishing village. There are total of 53 participants. The participants will undergo 7 days training and expect to be graduated on Friday next week.

Noro quarantine site

Work on the Noro quarantine building is progressing very well. The quarantine centre is located at the Noro lodge just in the middle of Noro town. Currently local workers are working hard to complete the outstanding jobs mainly painting and minor repair work. Full completion of the work should be done by the coming weeks.

Juniper school foot path

Juniper school footpath in the outskirts of Honiara is on its half way to complete. The project has been delayed a bit. However, team is determined to progress the project in the coming weeks.

Banana Valley temporary ablution block

The construction of a temporary ablution block at Banana valley market has completed. This will help speed up construction work on site.

26 Graduated from Burnscreek Literacy

Twenty six learners under Burns Creek Literacy School graduated with certificates on Tuesday this week at Mercy Christian School, East Honiara. The literacy school programme being implemented by Literacy Association of Solomon Islands (LASI). Funding support for this training is provided by CAUSE Project.

Banana valley street cleaning

Banana valley market in Gizo is shaping up well. As construction is going on Tiger community group is also doing the cleaning up in front of the road. Residents around this area acknowledge the cleaning service as it keeps their front yard clean at all times especially as movements are restricted due to Covid 19.

Announcements

1. Bartphil Tamou (national engineer) is currently in Munda helping out in the Munda jetty
2. Pile driving and pouring of Munda jetty is in progress at the moment.
3. First market stall for Munda has completed.
4. Trainers need to remind ISDT participants of their ground rules and stick to it
