Work on Munda New Zealand funded market building is progressing very well. The roofing on the building has been installed.

Currently the local community workers are assembling the foam work for slabbing the floor.

The new market is 24 meter long and 4.3 meter wide.

It has a big space where vendors will settle in very easily.

Already community members in Munda appreciated the speed taken by the workers in ensuring work is done within given time.

ISDT training in Gizo

Gizo PIU is currently having its batch 16 ISDT training for communities of District, Jah Mountain and Banana Valley. There are total 35 participants. Training begins yesterday and will conclude on Friday next week.

Ngati hails CAUSE Project

Honiara City councillor for Vura ward in East Honiara Hon. Reginal Ngati has thanked CAUSE Project for the work in his ward. Ngati said CAUSE Project has done a lot in the communities in Honiara and they are thankful to World Bank for funding the projects that really touch the lives of people in the communities.

JFK Jacobs ladder

The JFK Jacobs ladder at Gizo is almost to complete. Work has been delayed but now has been reactivated. However, already people are using the first completed section of the ladder. Once completed it will relieve the pain women and children face daily as they have to go around or use the sloppy muddy roads to reach their homes.

Noro market solar light to be commission

The Noro market solar lights will be commission this evening. The solar lights is donated by Solomon Islands Ports Authority and will be handed over to Noro town council.

Noro ISDT training

Noro PIU is currently having its batch 13 ISDT training for communities in and around Noro. Some of the participants spoke too said they are privilege to attend such free training.
