

Weekly Wrap-Up Newsletter

The weekly wrap-up newsletter is a platform to link and update staff and project stakeholders on the happenings in all Project Implementation Units (PIUs) and Project Management Unit (PMU) on the progress of projects CAUSE implemented in various communities of Honiara, Guadalcanal (areas outside of town boundary), Auki, Gizo, Noro and Munda.

Issue 29, 4th December 2020 Kick off meeting

Inside this issue.

1. kick off meeting
2. Kombivatu roads
3. Town end footpath
4. Jetty light
5. Noro market ablution block
6. Munda market stall
7. New Jacobs ladder for Gizo
8. News/ Announcement.

CAUSE additional financing identification meeting has kicked off. The meeting will go on until 14th December.

Kombivatu roads

Work on the Kombivatu, feraladoa, Ferakusia, Matariu road has reached 80 percent of job done. The additional tar of the road makes the road perfect to withstand running water which usually block the drainage system.

Town End footpath

Town End school in Auki has finally completed all outstanding jobs. It has been described by many as CAUSE model school in Auki. The connection of footpath to all classroom is just perfect

New solar light for Munda Jetty

Munda jetty has a new lighting system. Thanks the member of parliament for West New Georgia/ Vona Vona Hon. Silas Tausinga who provided the solar panel. The lighting system will provide a light for the jetty users especially during the night.

Second stall Munda market

The second stall in Munda market is progressing well. At present local workers are putting on the roofing expect to complete today. Slabbing will take place after the lagoon festival which will kick off in Munda early next week.

Noro market ablution block

Noro market ablution block is shaping up well. Yesterday the local workers installed the roofing iron. Work on tiling and installation of toilet system will begin in the coming weeks.

New Jacob's ladder at Gizo

Clearance of the new site for the new Jacobs ladder behind the Gizo community high school is going on very well at moment. Already there is a big cleaning up including digging of the drainage and expanding the road. After that work will start on building the ladder.
