8. News/ Announce-ment

A consultation for draft addendum for the environmental and social management guidelines (ESGM) has concluded this afternoon. The virtual meeting was attended by youths, women and various government representatives connected from various locations including the PIUs. The consultation was facilitated by Dorothy Lucks.

## Dunde school fence

Fencing of Dunde school in Munda is near completion. Currently workers are continuing running the fence. By next week it should be completed.

## Munda market stall #3

Munda market stall number 3 is progressing well in the coming days workers will put up the roofing to be followed by construction of tables.

## Munda market ablution block

This week there was final installation of plumbing at Munda market ablution block. Interior and exterior works has been completed already. Once the third stall is completed then all set to be use.

## Mata Valley footbridge

Work on the steels for basement foundation for Mata Valley footbridge has started. Steels has been delivered to the site already . Workers are working hard to complete this project on time. Currently, HB are on side too site ready to be welded to required span of 14m by the welders. Anticipate the first basement concrete pouring next week.

## Nusatupe generator house

The generator house at Nusatupe quarantine centre in Gizo has been completed. The generator has already been installed successfully and tested yesterday.

## Gizo school footpath

The footpath behind Gizo school has been completed. Students, teachers and those who reside up the top hill are very excited of the new footpath which makes life easy for them unlike in the past where they have to find ways to climb up the muddy hill.
