8. News/ Announcement

The Banana valley satellite market in Gizo has completed. Currently workers are doing clean up and final touches of most task. Over the coming days they will complete all remaining tasks. As soon all formalities are done the new market will then be handed over to the Western Provincial government where the province will announce when the new market will be open for operation.

Honiara PMU batch 52 ISDT

Honiara PMU is currently having batch 52 ISDT training for various communities in Honiara.

Noro market jetty progress

Noro market is in the final stage of completion. By the coming weeks jetty should be fully completed.

Vura1 & Vura Heights road improvement

Work on concreting the stiff section of Vura 1 heights road has started. Visit to the site saw workers working on form work for the construction.

Auki PIU Storage Shed

Auki PIU is working on its storage shed. According to Auki PIU resident works supervisor after 8 days of work the shed is almost half to complete. Bricks, concrete slabbing done, wall frame and nogging in progress should complete by today, walling in the coming days. Anticipated full completion next week.

Road rehabilitation in East Honiara

Work on Mount Horeb, Naha4 Church, Naha4 CSSI Housing and nearby communities in East Honiara has started and its progressing well.

First Aid Kits

A total of 12 first aid kits was purchased by the office to be placed inside project vehicles both in Honiara PMU and provincial PIUs. The first aid kits will act as a first line of live saving support in an event incidents occur in the workplace. The first aid kits will also have important contact numbers inside as well.
