4. Titinge 2 Jacob's ladder railing
5. Cleaning partnership in Noro
6. Big Baru Jacob's ladder
7. Farewell of late Emanuel Kaurok
8. News/ Announcement

Aekafo community in East Honiara is working on the final stage of their water catchment. The catchment is constructed by the community people who are trained by the project and is been supervised by the project staff. The water source will serve the thousand residents living in that area.

Cleaning Services in Auki

Auki town keeps shining by the continuous cleaning services provided by the project. This month DCE group cleaned up and dug up proper draining system in Auki town that made the town look clean and beautiful.

Plastic Wise training for Gizo ISDT Graduates

Gizo PIU has recently held plastic-wise pilot project training for the ISDT graduates. The pilot project will run for two months in collaboration with the Plastic wise Gizo, Strongim bisnis, Gizo town council and the Marine plastics Solutions.

Titinge 2 Jacob's ladder railing

Railing of the Titinge 2 Jacob's ladder is about to complete. There are few sections to be rail. Work will resume next week and full completion is expected in the following week.

Cleaning partnership in Noro

Zalekoro Company Limited has collaborated with CAUSE project on drainage clearing at black town in Noro. The joint partnership has seen a lot of improved clean area within the vicinity.

Big Baru Jacobs' ladder

The form work of big Baru Jacob's ladder has finally landed on the last section of the ladder at the bottom of the hill. Next week there will be concrete pouring to be follow by railing.

Farewell of late Emanuel Kaurok

Manu was a hard working colleague and has contributed greatly to the goals and objectives of the Project, most notable of which is addressing safety of users of our community access projects.

On behalf of the project we'd like to convey our health felt sympathy to his family.

The lord giveth and the takes may Emanuel soul rest in peace with the good lord until the resurrection morning.

Farewell Manu.

CAUSE Project has grieved the passing away of late Emanuel Kaurok in the early hours of Wednesday morning at the national referral hospital. Late Emmanuel, or Manu, as he is fondly called by co-workers is the PMU welder.

News/ Announcements.

1. Prime Minister Hon. Manasseh Sogavare has warned the media that the Emergency Powers (COVID-19) (No.2) Regulations 2021 has provisions relating to Yellow Journalism. Yellow Journalism" refers to reporting rumors and false information often using eye-catching headlines merely for increased sales.
2. The scare caused by the positive COVID-19 cases on board a cargo vessel that passed through Honiara has prompted health authorities to restrict entry at the national referral hospital – with current status raised to 'alert level'. Health authorities have advised that the elevation to 'alert level' means closure and strict monitoring of all entry points into the hospital.
3. Australia's pledge of up to 1 million doses of AstraZeneca means there will be enough safe and effective vaccine doses to ensure the entire Solomon Islands population over 18 can get vaccinated. This consignment of 50,000 doses is the first of many more batches on their way from CSL in Melbourne," Dr Strahan said.
4. Leader of the Opposition Hon. Mathew Wale is calling on the government to put a stop to exemptions for international cargo boats.
