Courtesy call to the new Honiara City Clerk.

Inside this issue.

1. Courtesy call to the new Honiara City Clerk.
2. Kukum Market Car Park Progressing
3. Waste Collection Don Bosco to Alligator Creek
4. Hilltop Jacob's ladder in Auki is progressing
5. Auki clinic Ablution block
6. Munda coastline improvement
7. Progress of BP foot-bridge in Gizo

This morning CAUSE Project paid a courtesy visit to the newly appointed Honiara City Clerk Mr. Justus Deni. The visit is to brief the new City Clerk on the project as he is the accounting officer for the Honiara City Council administration which the project falls under.

CAUSE Project Manager Mr. Cris Afable go through with the new clerk the operation of the project and its activities. The new city clerk thanked the project for the job well done in the Honiara city. He pledge his support and will continue to support the project. Another meeting is propose for next month to go through more details of the project.

The new City Clerk Justus Denni officially assumed duties this week. Denni, is not new to the administration of Solomon Islands Government. He was a former Permanent Secretary in the Ministry of Traditional Governance and Ecclesiastical Affairs. Prior to joining the Honiara City Council he was the Human Resource Manager for Gold Ridge Mining Company.

Kukum Market Car Park Progressing

The car park in the newly constructed Kukum market is progressing well. Full completion of car park will be in the coming weeks.

Waste Collection Don Bosco to Alligator Creek

The waste collection in the Honiara City is an ongoing activity that our trainees engaged in. Groups normally work in the morning for 3 hours and in the evening for another 3 hours. Waste collection is also current for Auki, Noro, Munda and Gizo.

Hilltop Jacob's ladder in Auki is progressing

A new Jacob's ladder is currently progressing in Auki at the Hilltop Tower. Concrete pouring is going on at the moment. Work will continue next week. The Jacobs ladder is expected to complete by mid October.

Munda coastline improvement

Work is currently going on in dewatering of water at Munda boat parking area. As soon that place is dry foundation work will begin.

Auki clinic Ablution block

The Auki clinic ablation block is half way through to complete. The ablation block is necessary for the management of covid 19 clinic in Auki. The current ablation block is in a bad state and building a new one will really help the clinic into the future.

Progress of BP footbridge in Gizo

Compacting of the approach to the completed abutment of the footbridge is currently ongoing. Installation of beams is set for the coming weeks. Work is going on well and expect to complete the bridge within the given time frame.
