The Noro CBD Jetty finally completed. It took two months ahead of the schedule time frame to complete it. Currently, incoming and outgoing boats in Noro are smiling away knowing very well that soon they will be berthing on a new and comfortable jetty. Big thumbs up for team Noro for the great effort.

## Noro - Big Baru footpath Progress

The big Baru footpath is progressing well. The 150 meters long footpath is situated at the Ports area in Noro. Currently form work is ongoing while concrete slabbing on the first set out sections.

## CAUSE 8th Mission Concluded

The CAUSE 8th mission meeting has concluded this morning with presentation of Aide Memoire and general discussion. Above all CAUSE did well this quarter despite the COVID situation in the country.

## Final work on Gizo MSG Fence

Work is going on well for the final section of the MSG building fencing at Gizo. The last section of the fence will run through the coastal line of Gizo wharf.

## Chupuchao Road Drainage in Progress

Work on the Chupuchao road and drainage system is going well at Skyline heights of Central Honiara.

## Hand washing Basin in Auki CHS

More hand basins were distributed in Auki. The latest are in Auki CHS, Townend school and St Augustine Kindy.

## Children's Park Public Space Improvement

Work on the new public space improvement at the Rove Children's Park in Honiara will commence soon. The improvement will improve the recreation area for the children.
