The new footbridge at Kakabona of West Honiara in the Guadalcanal Province is almost complete. There are few finishing jobs to be done then the bridge is set to be handed over the community. So far people living in and around the area are very happy to see one of their needs been come true.

## Progress of Kukum market drainage system

Work on the drainage system at the Kukum market is progressing well. Work should be complete in the coming weeks.

## Street cleaning in Honiara City

Street cleaning in Honiara city is ongoing where workers do cleaning up every morning and evenings.

Work on the MSG abluion block at Gizo is progressing well. Currently workers are working on block walls. Work will continue next week until its complete then they will turn to timber works.

Today is the final day for Noro ISDT training of batch 37. Participants will be graduating this afternoon and expected to take up short job employment opportunities with CAUSE Noro in the coming weeks and months.

**Street Cleaning in Munda**

Munda town in Western Province is always clean and tidy thanks to these youths who are engaged by the project to do street cleaning in Munda.

**New Ablution block is shaping up in Auki**

Work on the new abluion block at Auki has started. The abluion block is situated near the market and the wharf.

**News/ Announcements.**

1. Prime Minister Hon. Manasseh Sogavare welcome H.E Pedro Rodrigues Da Silva into the country yesterday. Both leaders agree that despite their geographical distance, the two countries relationship have always been cordial and centred on common priority areas such as sustainable development, renewable energy, addressing climate change and oceans issues, education among others.
2. The Minister of Health and Medical services Dr Culwick Togamana has declared that there is now an outbreak of Viral Respiratory Illnesses (VRI) in Honiara and Malaita. Viral respiratory illnesses are one of the most common illnesses worldwide, which affect people of all ages with different severities.
3. The Government has confirmed that the Solomon Islands National Broadband Infrastructure Project or SINBIP for the construction of up to 161 towers has been progressed with the recent signing of a contracting agreement with the vendor and contractor, Huawei/China Harbour Engineering Company Limited.
