

Weekly Wrap-Up Newsletter

The weekly wrap-up newsletter is a platform to link and update staff and project stakeholders on the happenings in all Project Implementation Units (PIUs) and Project Management Unit (PMU) on the progress of projects CAUSE implemented in various communities of Honiara, Guadalcanal (areas outside of town boundary), Auki, Gizo, Noro and Munda.

Issue 96, 20th May 2022

Noro CBD Jetty completing soon

Inside this issue.

1. Noro CBD Jetty completing soon
2. Noro small Baru - Footpath
3. Gizo - ISDT batch 32
4. Progress JF Kennedy Ablution Block
5. Kiluufi Hospital wash Bay
6. Drainage on completed concreted roads
7. Climate Resilience at Kukum/ Tanuli
8. News/ Announcement

In two weeks time the Noro CBD jetty will be completed. At present workers are working on the installation of bearers. In the coming week they will do the decking and following on will be work on the lower decking. So far incoming travellers from various near by Islands are pleased to see such development and cannot wait to use the improved facilities.

Noro small Baru - Footpath

The 150 meters footpath at small Baru of Noro is shaping up well. At the moment workers are working on the form work ahead of concrete pouring next week.

Gizo - ISDT batch 32

The ISDT batch 32 trainees of Gizo this week received their certificates. The certificates now qualified them to take up short term employment jobs with Gizo PIU.

Work on the ablution block at the JF Kennedy stadium in Gizo is progressing well. Foundation work has been completed now they move on the stage.

Kiluufi Hospital wash Bay

The newly installed wash station at Kiluufi hospital is now in use. Patients acknowledge and thanked the project for facilities as it helps them a lot whilst in the hospital area.

Work on the drainage on the recently completed roads in Chipuchao, Lai and Tehamurina in the central Honiara is ongoing. There will be proper drainage systems on these new concreted roads to allow water to flow freely during bad weathers.

Climate Resilience at Kukum/ Tanuli

Work on the climate resilience road in the Kukum Tanuli will resume in the coming weeks. The contractor is waiting testing with MID and they will mobilise to do form work thereafter.

News/ Announcements.

1. Prime Minister Hon. Manasseh Sogavare has expressed his overwhelming joy to officiate the launching of the country's own Computed Tomography (CT) scanner some 40 years after the nation's Political independence.
2. The Correctional Service of Solomon Islands (CSSI) has embarked on a revitalized campaign to promote and raise awareness on the importance of giving released prisoners a 'second chance in life'.
3. Solomon Ports has won the 'International Association of Ports Harbours' Sustainability Awards 2022 in Vancouver, Canada this week on Wednesday 17th at the IAPH World Ports Conference.
