2. Guests with Happy mothers
3. Work on drainage system
4. Handing over Mataniko Pikinini Clinic
5. Handing over of Mbokona Clinic
6. Noro CBD Jetty Progress into final stage.
7. Female worker in charge of timber plaining
8. News/ Announcement

In a very simple but meaningful handing over ceremony today the CAUSE Project handed over the improved public space improvement to the Honiara City Council team. Speaking in welcoming the guest nurse in charge of Vura Clinic Mrs. Alice Kere thanked the project for seeing the need and the provision of comfortable place to walk on but most so the shelter that will provide the shade for patients while waiting for their turn. The handing over ceremony was attended by the Honiara City Mayor, City Clerk, Chairman Health Division, Director of Health Honiara City and representatives from the Ministry of Finance. The event was witnessed by nurses and patients. Similar handing over was also conducted at Mataniko and Mbokona clinics

Guests with Happy mothers

City Mayor and guests posing with happy mothers under the new shelter built by the project.

Work on drainage system

Work on drainage system on the newly climate resilience roads at central Honiara is going on well.

Handing over Mataniko Pikinini Clinic

Handing over of public space improvement at Mataniko Pikinini Clinic to the Honiara city council this morning.

Noro CBD Jetty Progress into final stage.

Despite the rain in Noro, the CBD jetty is progressing well. Next week workers will work on the railings.

Handing over of Mbokona Clinic

Exactly at noon today the public space improvement at Mbokona clinic has been handover to the Honiara City Council. The event was witnessed by the nurses of the clinic. Nurses there were very happy to see face-lift of the clinic which will help them in their daily work.

Female worker in charge of timber plaining

A female worker is taking charge in plaining timbers for the Kennedy Stadium abluion block in Gizo. The abluion is progressing well and by next week workers will put up the block wall.

News/ Announcements.

1. Public Health experts of the Ministry of Health are keeping a close eye on developments with the multi-country outbreak of monkeypox around the world.
2. Tocilizumab, an antibody drug approved by the WHO to treat COVID-19 patients, has arrived in the country.
3. 17 passengers were returned safely to their loved ones thanks to the combined effort of the Pacific Islands Forum Fisheries Agency (FFA) Aerial Surveillance Program (ASP) aircraft, the Royal Solomon Islands Police (RSIPF) Maritime Division and Australia's HMAS Ararat over the weekend.
4. The country's top tennis seed Junior Benjamin is excited and says he can't wait to represent the country at the upcoming 2022 Pacific Mini Games in Northern Marianas this June.
