

Weekly Wrap-Up Newsletter

The weekly wrap-up newsletter is a platform to link and update staff and project stakeholders on the happenings in all Project Implementation Units (PIUs) and Project Management Unit (PMU) on the progress of projects CAUSE implemented in various communities of Honiara, Guadalcanal (areas outside of town boundary), Auki, Gizo, Noro and Munda.

Issue 120, 2nd September 2022

Gizo -Bethany Road concrete sealing underway

Inside this issue.

1. Gizo -Bethany Road concrete sealing underway
2. Gizo-MSG Ablution Block
3. Noro - ISDT batch 37
4. Folktale Training
5. Revalidation consultation at Namoliki
6. Climate Resilient - Tanuli Road
7. Drainage cleaning in Auki
8. News / Announcement

Work is currently going on at Gizo for the construction of Bethany road. This section of the road is always rough and muddy most times so vehicles find it hard to go up the steep road. Despite the bad weather experienced, work is progressing well.

Gizo-MSG Ablution Block

The ablution block at MSG in Gizo is progressing very fast. In the coming weeks workers will work on plastering the concrete part and tiling on the floor.

Noro - ISDT batch 37

Noro ISDT training will conclude this afternoon. The participants are excited to graduate this afternoon. These participants will then be engage by the project in upcoming projects in Noro.

A one day folktale training was held today for identified youths who will take part in a short pilot video for the project.

Work on the climate resilient road at Tanuli is progressing well. The concrete road runs from Kukum field up to the steep section.

Revalidation consultation at Namoliki

Drainage cleaning in Auki

A revalidation consultation was done this week at Namoliki heights at Vara Creek of Central Honiara for the possibility of footpath and Jacobs ladder in the community. Site assessment will follow soon.

A group is currently cleaning up the drainage at Kunu in Auki. The drainage needs to be clean every time to keep the water running. Kunu is one of the community that benefited from the project. Next week their footpath towards the water source will be commission and handed over to them.

News/ Announcements.

1. A handover of good number of projects in Auki will be on 8th September 2022. Honiara team comprise of AusAID, World Bank and CAUSE officers will be attending the event.
2. A courtesy meeting yesterday morning between Capt. Henry Kim, commander of the Pacific Partnership Mission to the Solomon Islands, and Mrs. Pauline McNeil, Health Permanent Secretary highlighted the need for continued partnership and collaboration for better health care service for Solomon Islanders.
3. Tina Hydro Project - Bore hole drilling for the Community Benefit Sharing Project (CBSP) water systems are now complete, with a further 3 water bores holes at Belaha near completion. A total of 18 holes have been drilled ready for the system construction which will benefit approximately 40 communities from Bahomea, Malatoa, Mataruka and Belaha.
