8. News/ Announcement

The 190 meters long concrete road at front of Kukum catholic church has been completed last week. The concrete road begins at the Kukum field and goes up the critical sections going up the Tanuli road. The concreting of the road came about as a result of the bad state of the road over the years. With this new concrete road, it will make life easier for people and vehicles using the road.

3 New Jetty at Nusatupe

Site preparation is underway in Gizo for the construction of three new jetty at the Nusatupe Island. The jetty will be useful for travelling passengers who frequently travel in and out of Gizo airport.

Noro CBD Concrete Road

Work on the Noro CBD climate resilient road is progressing well. The first lane is expected to complete next week and then team will work on the second lane.

The batch 73 of ISDT in Honiara has concluded this week. A total of 36 successfully completed their trainings and are now waiting for their placements for short term jobs.

The shooting of Covid filming has concluded this week in Noro and Gizo. The team earlier travelled to Auki and conducted number of interviews and shooting. First draft of the video is expected next week.

Milestone Water Source

Aligeo Stadium Ablution Block

Mobilisation of works for the construction of water source and washing area at Milestone of East Honiara has started this week. Team will continue work next week.

The abluion block at Aligeo sports field in Auki is progressing well. This week team completed floor slab and working on block walls. Next week team will work on roofing structures.
