The 6th Project Steering Committee meeting was concluded this afternoon in Honiara. The meeting was co-chaired by Justus Deni City Clerk of Honiara and Stephen Maesiola the Permanent Secretary of the Ministry of Infrastructure Development with presentation by the Project Management Unit on the overall performance of the project. Next meeting is propose for February 2023.

## Noro CBD Road Open for Public

The Noro CBD climate resilient road has been fully completed and open for public use. The new improved road has been commended by public transport operators as best and helpful especially picking passengers at the market and the jetty.

## Noro School Fencing

The Noro school fencing is almost to complete. Some more works to be done then it should be fully complete. The fencing is necessary to safeguard the school facilities but also the surrounding.

## Gizo –Nusatupe Jetty

Work on Nusatupe jetty at Gizo has resumed following arrival of timbers on site. Installation of floor joist and decking is going on and is expected to complete in the coming weeks.

## Tanuli drainage system

Work on the drainage system on the newly completed climate resilient road at Tanuli is going on well. It should be complete in the coming weeks.

## Cleaning in Auki

Cleaning services is going well on various corners with Auki areas. The cleaning services has helped many youths and women earned some money to meet their needs while contributing in keeping Auki town clean and tidy.

## Point Cruz Under Pass Progressing

The cleaning of Point Cruz Under Pass is almost complete. Next week work will commence on the roofing structure to change the current one.
